Więc znów mi trzeba światem gonie,
 O pamięć prosić, dłońmi ścisnąć
 A duszy w żalach nie rozkrwonić
 I twarzą - zawsze jedną stykać.

I kiedy nowe życie spota,
~~Wciąż~~ Przyniesie nowy trud godzina,
 Tak żyć z tem sercem, co pamięta,
 Jak ktoś co w sercu zapomina.

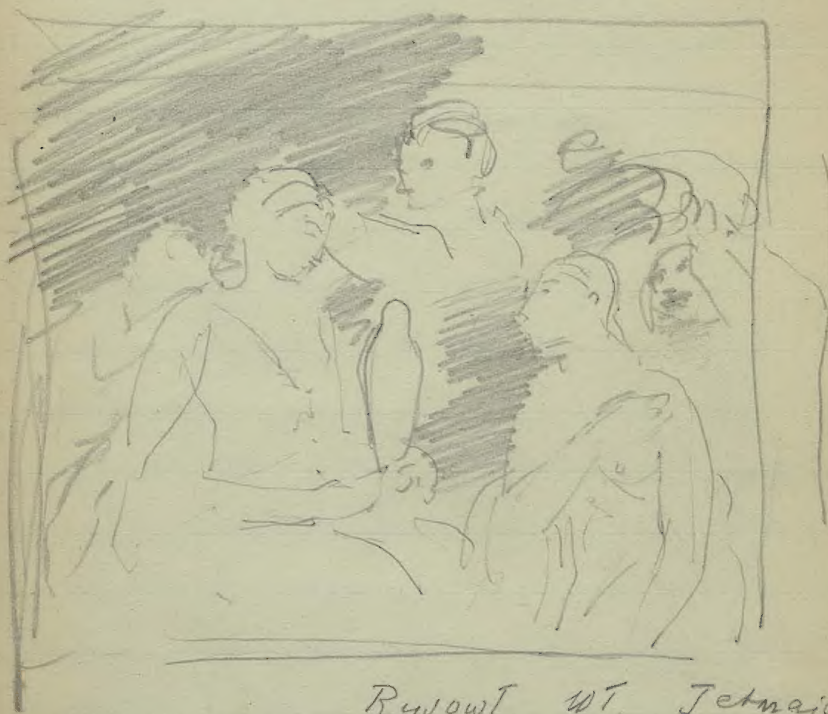

I myśleć co dzień, gdy z wieczora
 Złocą się wspomnień gwiazdy blade,
 Że mi na zawsze nikto wczora
 I że w nieznane jutro jadę.

A choć się wie, że czucia gane
 To sercach w zmiennej Dnia kolei,
 Wierzyć w ich pamięć jak we wtarg,
 I z musu chwytac się nadziei.

The first of these is the fact that the
 population of the country is increasing
 rapidly. This is due to a number of
 causes, the most important of which are
 the increase in the birth rate, the
 decrease in the death rate, and the
 immigration of people from other
 countries. The second fact is that the
 population is becoming more and more
 concentrated in the cities. This is due
 to the fact that the cities are offering
 more opportunities for employment and
 education than the rural areas. The
 third fact is that the population is
 becoming more and more educated. This
 is due to the fact that the government
 is spending more money on education
 and that the people are becoming more
 aware of the importance of education.

+) Nie Pergamo!

The first thing I noticed
 when I stepped out of the car
 was the smell of the sea.
 It was a fresh, salty
 breeze that I had never
 experienced before. The
 sun was shining brightly
 on the water, and the
 waves were crashing
 against the shore. I
 felt a sense of peace
 and tranquility that I
 had never felt before.

15. *Phyllanthus* *hirsutus*. *Phyllanthus* *hirsutus*.
This species is found in the mountains of the
Andes, in the province of Cuzco, in the
department of Arequipa; it is a tree 10 to 15
feet high, with a thick, woody trunk, and
dense, dark green foliage. The leaves are
oblong, pointed at the tip, and have a
distinct midrib. The flowers are small, and
are borne in a terminal panicle. The fruit is
a small, round, green berry. It is a very
common plant in the mountains of the
Andes, and is used for many purposes.
The leaves are used for making a tea, and
the fruit is used for making a jam.

1. The first part of the paper is devoted to a general discussion of the problem of the existence of solutions of the system of equations (1) for arbitrary values of the parameters α and β . It is shown that the system of equations (1) has solutions for arbitrary values of the parameters α and β if and only if the condition $\alpha + \beta = 1$ is satisfied.

[Faint handwritten notes at the bottom of the page]

"I have been thinking much lately
 about the old days, and how I
 came to be alone now, and how I
 feel. Christmas is near, and
 my heart is full of joy."

Yato showed to him the
new fish.

 I hope you are well and happy.
 I have been very busy lately,
 but I have managed to find some time
 to write you a few lines.

 The first principle of the community
 law, however, is that the law is the
 law, and the law is the law, and the law is the law.
 The law is the law, and the law is the law, and the law is the law.
 The law is the law, and the law is the law, and the law is the law.
